

THE FUTURE OF FOOD

THE COMPANY

TSG Food Pte Ltd is a wholly-owned subsidiary of Thong Siek Global (TSG), the leading producer of traditional Singapore fish ball and surimi-based products which are distributed locally and exported across shores to more than 30 countries. Even with our global presence, we fondly remember our beginnings as a small family business in the 1970s. From that modest set-up, TSG is now a conglomerate with numerous awards and certifications under our belt.

In addition to distributing fish ball and surimi-based products, TSG Food also offers a wide variety of food products like seafood, chicken, noodles, egg and bean curd range to cater to the needs of our customers. These food products are procured from our trusted local and overseas suppliers who can meet our stringent supplier qualification criteria. Coupled with our extensive and reliable logistics network, we aim to provide customers with a one-stop food service solution, giving them a peace of mind.

PERFECTION

So Fresh! So Good!

An eye for the fresh and a simply delicious family recipe for handmade traditional fish ball were the perfect combination in the small family business taking off. Today, these same crucial elements remain at the core of TSG, so that every bite of traditional Singapore fish ball is as good as it was then.

OUR

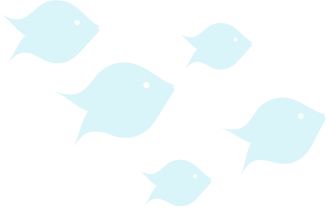

1984 - 1992

AUTOMATION

In Quality We Trust

The quest for more efficient ways to meet the increasing demand for delicious and healthy surimi-based products became a priority. In the 1980s and early 1990s, we invested heavily in automation to increase production output as well as introduce new varieties of surimi-based products. Whilst the product line grew, the upholding of quality remained our utmost priority.

1993 - 2006

EXPANSION

Casting A Wider Net!

Following the stringent food safety standards of Singapore has led to a trust enjoyed by TSG far beyond Singapore's Shores. We supply to all the major continents, and have kept a leading reputation across Asia. As Singapore's reputation for its heritage cuisine grows, TSG continues to press for an even wider reach to satisfy diversified global appetites.

MILESTONE

2015 - 2018

GLOBALISATION

Together Making Waves

Deeply rooted in our values since starting as a small family business, TSG continues to work hand-in-hand with its people and collaborate side-by-side with its growing pool of partners, to secure more channels to even more countries. This profound sense of looking ahead while still remembering where we came from guides our growth. Wherever you are in the world, you get to enjoy the same TSG goodness that Singaporeans have loved for generations.
